**Baldwin County Commission**

The Barnwell Volunteer Fire/Rescue would like for the Baldwin County Commission to approved our departments request to purchase a 3500 Gallon Tanker.

This piece of firefighting equipment is needed in our jurisdiction to help supplement our rural water system. Our recent ISO Survey showed that our community was lack of significant water flow for the size of houses and business. This equipment will be utilized in the county also to help other departments that is in need of help.

Thank You in advance for your support of our endeavor to provide the best fire service possible to our community and our county.
